

PROJECT'S AIM AND DURATION

This Erasmus+ project aims at preparing academics of Higher Education Institutes to better develop and deliver their online courses, enhance learning outcomes and keep students interested and involved. The project started in June 2021 and is supposed to end in May 2023.

THE PROJECT'S INTELLECTUAL OUTPUTS

1. Comparative Study, identifying the current needs and gaps for boosting the effectiveness of online HE learning.
2. Guide of Key Pedagogical Principles for effective Online Teaching and Learning, introducing educators into a methodologically effective Online class.
3. iSurvive compass for Interactive & Gamified online content Creation, concerned with combining several parameters creating a tailor-made roadmap for the educator needs.
4. An innovative MOOC that provides a high education course of specialization in an area where skills needs are so rapidly developing.

PARTNERSHIP

The partnership involves 7 partners from Europe, representing the following organisations:

- DIMITRA EDUCATION & CONSULTING

- CRES
- UNINETTUNO

- INSTITUTE FOR TRAINING OF PERSONNEL IN INTERNATIONAL ORGANIZATIONS
- UNWE

- FOLKUNIVERSITETET

- SGGW WARSAW UNIVERSITY OF LIFE SCIENCES

SECOND NEWSLETTER

Digital Roadmap for designing
online interactive content

CURRENT STAGE OF THE PROJECT

The developed MOOC with the iSurvive compass: Online orientation toolkit and customized digital roadmap application for Interactive and Gamified online content Creation, and the future steps of the project implementation were the focus of the transnational partners' meeting that was held on 1-2 February 2023 in Sofia, Bulgaria.

The partners discussed the preparation for Multiplier events and the pilot testing of the MOOC with the iSURVIVE compass and the guide, to be used by academics and HE lecturers in order to render their online courses very interesting and motivating.

The MOOC includes interesting and interactive tutorials for all the tools that are included in the created databank and each trainee will have the chance to go through all them or just select those needed for the application of the tools that are presented in their individualized roadmap that will be provided by the iCompass application as all the tools will be provided as individual modules.

FORTHCOMING EVENT

Final conference - 24th May - together with the annual conference organized in the Institute of Economy and Finances SGGW: "Warsaw Days of Logistics".
